

## **Core 3 Technologies ranks #15 in 2012 Best Places to Work**

*Core 3 Technologies recognized as the #15 ranked company in this year's Best Places to Work in Orange County in the 15-49 employee category*

**IRVINE, Calif.** – Oct. 29, 2012 – Core 3 Technologies, the leading value-added distributor of computer hardware and networking equipment in the U.S., was recently named as the #15 ranked company in the 2012 Best Places to Work in Orange County. This survey and awards program identifies, recognizes and honors the best employers in Orange County, benefiting the county's economy, workforce and businesses.

“I believe the ability of our team to work together to create a company culture that encourages both success and camaraderie is the reason for this recognition and we are honored,” said Chris Bergen, managing partner – Core 3 Technologies.

Companies from across the county entered the two-part survey process to determine the Best Places to Work in Orange County. The first part consisted of evaluating each nominated company's workplace policies, practices, philosophy, systems and demographics. This part of the process was worth approximately 25 percent of the total evaluation. The second part consisted of an employee survey to measure the employee experience. This part of the process was worth approximately 75 percent of the total evaluation. The combined scores determined the top companies and the final rankings. Best Companies Group managed the overall registration and survey process in Orange County, analyzed the data and determined the final rankings.
